24x assorted cables	\$ 1200.00+	
<b>subtotal</b>		<b>\$23405.00+</b>

**Total \$123896.00+gst**

#### Notes

I have not included the personell lifter in my quote , this should be considered essential and purchased prior to install as having it will save some hire money.

All equipment installed to NZ electrical standards and supplied with appropriate test tags

I would expect a 30% deposit to confirm payment being completed 7days following delivery

Delivery of items are subject to stock levels and workload at time of confirmation , you would be advised of any delivery times at time of confirmation.

Thanks for the opportunity to quote this equipment

Andre Goldsmith
